The Thinking Schools Federation

Pupil Premium Policy 2023-24

The pupil premium is additional funding given to publicly funded schools in England to raise the attainment of disadvantaged pupils and close the gap between them and their peers.

This policy sets out the strategy statements and action plans for both schools in the federation, namely Uphall Primary School which is a five-form entry school and Highlands Primary School, a three-form entry school - both schools are in Redbridge Local Authority. Both schools have a Nursery and provide extended provision. We have high aspirations and ambitions for our children and we believe that no child should be left behind. We strongly believe that it is not about where you come from but your passion and thirst for knowledge, and your dedication and commitment to learning that make the difference between success and failure, and we are determined to ensure that our children are given every chance to realise their full potential. We passionately believe that any one of us is capable of anything we set our mind to! Pupil premium funding represents an important proportion of our budget and we are committed to ensuring it is spent to maximum effect.

We are determined to create a climate that does not limit a child's potential in any way, but instead promotes limitless aspirations.

Objectives of the Pupil Premium

When making decisions about using pupil premium funding it is important to consider the context of the school and the subsequent challenges faced. Common barriers for FREE SCHOOL MEAL children can be that they are less supported at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties, and attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no "one size fits all".

Our key objective in using the Pupil Premium Grant is to narrow the gap between pupil groups but also to ensure that all children are high attaining.

In each school we are developing an excellent track record of ensuring that pupils make good/outstanding progress, but historically levels of attainment have been lower for FREE SCHOOL MEAL (eligible for free school meals) – this is also a national trend. Through targeted interventions we are working to eliminate barriers to learning and progress. For children who start school with low attainment on entry, our aim is to ensure that they make accelerated

progress in order to reach age related expectations and above as they move through the school.

We have analysed our data thoroughly and have made use of a range of research, such as, good practice in using pupil premium funding, the Sutton trust research on within school variance and the Sutton Trust toolkit, to inform our decision-making. In addition to this we have identified some key principles (outlined below) which we believe will maximise the impact of our pupil premium spending.

Key Principles:

Identification of Children

We will provide a culture where:

- staff believe in ALL children
- there are “no excuses” made for underperformance
- staff adopt a “solution-focused” approach to overcoming barriers
- staff support children to develop “growth” mindsets towards learning

Analysing Data

We will ensure that:

- All staff are involved in the analysis of data and attend regular pupil progress meetings so that they are fully aware of strengths and weaknesses across the school.
- We use research (such as the Sutton Trust Toolkit) to support us in determining the strategies that will be most effective.

Identification of Children

We will ensure that:

- ALL teaching staff and support staff are involved in analysis of data and identification of children.
- ALL staff are aware of who pupil premium and vulnerable children are
- ALL pupil premium children benefit from the funding, not just those who are underperforming.

- Underachievement at all levels is targeted (not just lower attaining pupils)
- Children's individual needs are considered carefully so that we provide support for those children who could be doing "even better if....."

Improving Day to Day Teaching

We will continue to ensure that all children across the school receive good teaching, with increasing percentages of excellent teaching achieved by using our team leaders to:

- Set high expectations
- Address any within-school variance
- Ensure consistent implementation of the non-negotiables, e.g. marking and guided reading
- Share good practice within the school and draw on external expertise
- Provide high quality CPD
- Improve assessment through joint levelling and moderation

Increasing learning time

We will maximise the time children have to "catch up" through:

- Improving attendance and punctuality
- Providing earlier intervention (KS1 and EYFS)
- Extended learning out of school hours.

Going the Extra Mile

In our determination to ensure that ALL children succeed we recognise the need for and are committed to providing completely individualised interventions for set periods of time to support children in times of additional and exceptional need.
